*YOUR BUSINESS IT  
Solutions*

**RECENT**  
Project Results

CSCI takes a team approach to advising clients on the right IT Solutions that are, practical efficient and cost effective.

**Theater Security Information Center (TSIC) Description:**

CSCI has recently received accolades for the completion of the Theater Security Information System. Theater Security Information Center or TSIC is a theater-wide, enterprise-level Intelligent Management Information System that allows real-time global access to information, processes, procedures, and related tools that assists (NAVEUR) Navy Europe's Office of General Counsel's Departments to effectively plan and execute cooperative projects throughout Partner Nations in their Area of Responsibility (AOR). TSIC is designed and capable of integrating with Theater Security Management Information System (TSCMIS). TSIC, the only tool of its kind, was given extremely high marks for reduce service delivery costs, cutting-edge IT-enabled strategy and solution that provides practical value today while positioning the OGC to meet tomorrow's legal challenges.
